

Remarks

Claims 1-32 were pending in the subject application. By this amendment, the applicant has amended claims 1, 5, 19-23, 25-27, 30 and 31 and has canceled claims 18, 24, 28, 29 and 32. No new subject matter has been added by these amendments. Accordingly, claims 1-17, 19-23, 25-27, 30 and 31 are now before the Examiner for her consideration.

The amendments and cancellation of claims as set forth herein has been done in an effort to lend greater clarity and specificity to the claimed subject matter and to expedite prosecution by focusin on the subject matter indicated by the Examiner to be allowable. These amendments and claim cancellations should not be taken to indicate the applicant's agreement with, or acquiescence to, the rejections of record. Favorable consideration of the claim now presented, in view of the remarks and amendments set forth herein, is earnestly solicited.

Initially, the applicant wishes to thank the Examiner for the indication of allowable subject matter and also for the renumbering of claims 16-32.

Claims 1-9, 16-24, 31 and 32 have been rejected under 35 U.S.C. §102(e) as being anticipated by Ramsay *et al.* (U.S. Patent No. 6,273,727). Please note that this rejection was not applied to claims 10 and 25 (or the claims that depend from claims 10 and 25). The applicant has amended herein the independent claims to now include the novel aspects previously set forth in claims 10 and 25. Accordingly, the applicant respectfully requests reconsideration and withdrawal of the rejection set forth under 35 U.S.C 102(e).

Claims 19-32 have been rejected under 35 U.S.C. §112, second paragraph. The applicant has amended claim 19 to address the issue raised by the Examiner. Other issues have been rendered moot by claim cancellations. The applicant appreciates the Examiner's careful review of the claims and specification

Accordingly, the applicant respectfully requests reconsideration and withdrawal of the rejection set forth under 35 U.S.C 112, second paragraph.

The subject specification has been objected to due to inconsistencies regarding page 11 of the specification and Figure 4. By this Amendment, the applicant has amended Figure 4 to correspond with page 11 of the subject specification.

Also, Figure 5 has been objected to for failing to show the ENTER key 61 as stated on page 11, line 31 of the subject application. By this Amendment, the applicant is attaching corrected Figure 5.

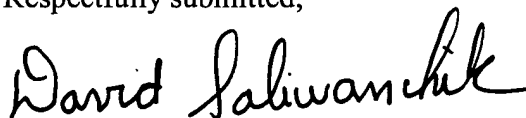

The applicant has attached herewith a redline version of corrected Figures 4 and 5 as well as a clean version of Figures 4 and 5.

In view of the foregoing remarks and the amendments set forth above, the applicants believe that the currently pending claims are in condition for allowance, and such action is respectfully requested.

The Commissioner is hereby authorized to charge any fees under 37 C.F.R §§1.16 or 1.17 as required by this paper to Deposit Account No. 19-0065.

The applicants invite the Examiner to call the undersigned if clarification is needed on any of this response, or if the Examiner believes a telephone interview would expedite the prosecution of the subject application to completion.

Respectfully submitted,
